

minerva® wall panels

minerva® shower and bathroom panels can be installed directly over the top of existing tiling, saving both time and money.

minerva's® panelling system offers a simplistic alternative to conventional tiling.

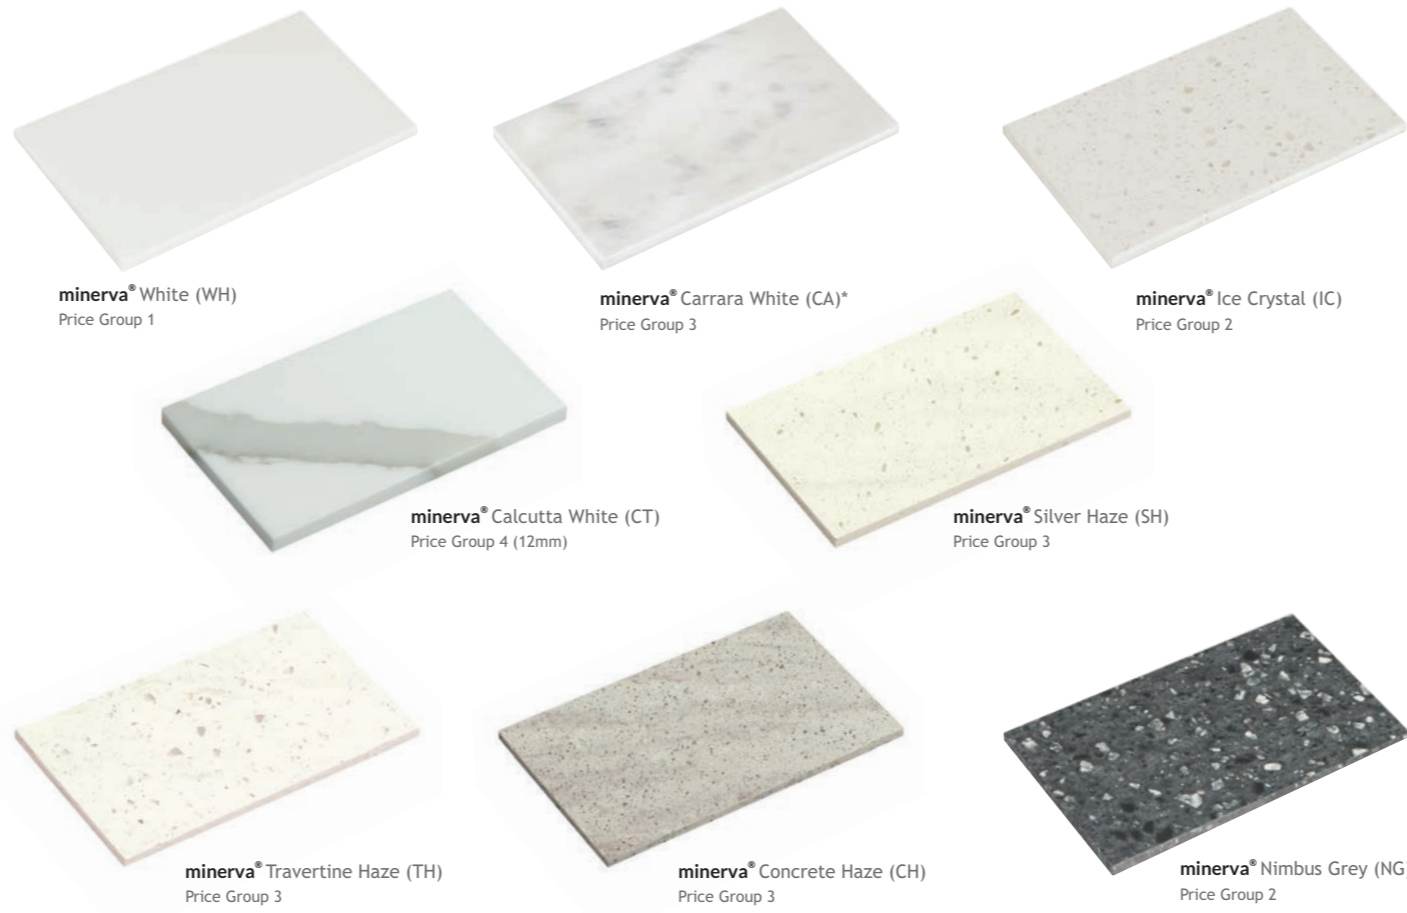

minerva® Carrara White

Remodelling existing showers & bathrooms

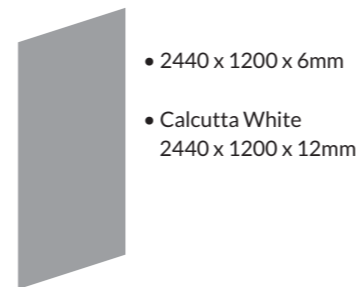

Unightly grout and discoloured tiling is a familiar sight to all. Cleaning may deliver a short term fix, but before long the unsightly grout is back, and even worse, dirt that clings to grout can make the tiling unhygienic too.

minerva® all the colours you want

Eight stunning solid surface décors which collectively represent a wonderfully varied palette of possibilities for your bathroom, wet room, or en-suite shower room.

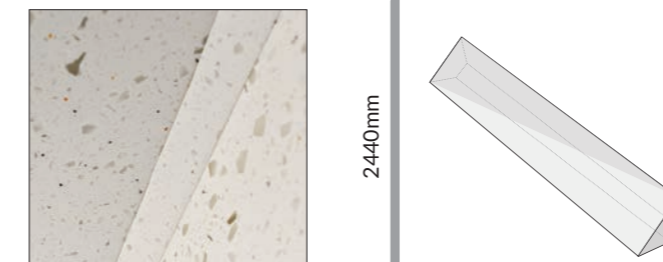

wall panel size

- 2440 x 1200 x 6mm
- Calcutta White
2440 x 1200 x 12mm

corner bead included with each panel

Printed and colour matched to the eight minerva® solid surface décors, A3 sized swatches are available for you to request and evaluate in your own home. For larger installations, jointing kits are available with colour matched adhesive. * Each of these wall panels are unique, reflecting the natural appeal of marble and stone.

minerva® wall panels

easy fit for your shower and bathroom

minerva®

minerva® stylish and easy to keep clean

minerva® shower and bathroom wall panels are a stylish, easy fit panelling system available in a range of décors.

Pre-sized and factory-finished, minerva® shower and bathroom wall panels are available in eight stunning décors and offer a practical alternative to conventional tiling.

minerva® Carrara White

minerva® solid performance, total design flexibility

minerva® shower and bathroom wall panels are made from 6mm thick solid surface material. Calcutta White is 12mm thick.

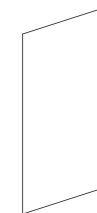

minerva® wall panels

minerva® shower and bathroom wall panels mean fewer joints and allow easier installation

minerva® shower and bathroom wall panels are available at a height of 2.4m to allow for full room height. All panels are 1200mm wide to minimise the need for joints. Panels can be easily cut on site using standard wood-working tools.

minerva® Silver Haze

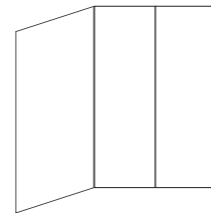

Factory finished, ready for fitting

minerva® shower and bathroom wall panels are delivered cut, finished and ready to fit, saving you valuable installation time and money.

Faster lead times, quicker installation

All minerva® 6mm shower and bathroom wall panels can be installed over existing tiles... it's that quick, it's that simple.

Imperceptible, seamless, solid joints

Waterproof and hardwearing, minerva® shower and bathroom wall panels are the perfect choice for wet rooms.

Non-porous solid surface material

minerva® shower and bathroom wall panels are completely waterproof. This allows the solid surface panelling system to be a perfect choice for bathrooms (including showers over baths), wet rooms, shower enclosures and shower cubicles.

Drywall or directly over tile

minerva® shower and bathroom panels are designed for easy application as a flat surface alternative to traditional tiling. The panelling system allows you to achieve a seamless finish without the mess of grouting. minerva® shower and bathroom wall panels are simply glued to an existing drywall, any sound flat wall or directly over tile.

Flawless finish

Stylish and easy to keep clean, minerva's® seamless, solid joints means there is no unsightly grout staining inherent in conventional tiling. minerva's® flawless finish is both hygienic, non-porous and stain resistant.
